A screenshot from a fighting game character selection screen. On the left, a large character model of Ayane is shown in her signature black hooded cloak and white bodysuit. Below her name, a blue bar contains a list of attributes: BLOW, THROW, HOLD, POWER, SPEED, and WEIGHT, each with a corresponding horizontal bar. To the right of Ayane is a grid of 30 smaller character portraits, including other fighters and a dice icon. The background features a blurred arena with the word 'ALIVE' in large red letters.

Ayane has always been a longtime favorite of mine since Dead or Alive 2. Her front and back stance are back in full-force in DOA6 with some new ninpo abilities.

Not too fond her new default costume, but her main costumes from previous entries return.. Ayane has always been a longtime favorite of mine since Dead or Alive 2. Her front and back stance are back in full-force in DOA6 with some new ninpo abilities.
