The screenshot shows the 'Advanced Office Password Recovery Professional Edition - Untitled' application window. The menu bar includes 'File', 'Recovery', 'Internet', 'VBA Backdoor', 'Language', and 'Help'. The toolbar contains icons for 'Open file...', 'MS Passport', 'MS Outlook', 'VBA Backdoor', 'Start', and 'Stop'. The main interface has tabs for 'Recovery', 'Options', 'System Information', and 'Password Cache'. Under the 'Recovery' tab, there is a section for 'Type of attack for Documents with Strong Encryption' with radio buttons for 'Bruteforce Attack' (selected), 'Dictionary Attack', 'Word Attack', 'Mask Attack', 'Combination Attack', and 'Hybrid Attack'. An 'Attack Options' button is located to the right. Below this is a 'Log window' containing a table of system events.
