3rd October 2011

M/s. ESG
Al Mahmoud Office Tower
3rd Floor, Airport Road
P.O.Box 33461

**** *

Attn: Mr.Mohammed Abdallah – Project Manager

Dear Sirs,

Subject: Delay in Furnishing Information

Project: ***** Distribution Center

Reference: Project No.S0911-4/09380/SNO2103/BP86724/11-MAS –
(Warehouse + Office Building + Service Area & Guard Room)
on Plot No.S32541.

We refer to our Target Schedule dated 26th September 2011 submitted through email dated 26.09.2011.

The base line schedule previously submitted showing a completion date of 6th April 2012 was revised to show a target completion date of 23rd March 2012 based on ESG's request to Yamani to endeavor to complete prior to the contractual Time for Completion of 8 months. We request you to kindly formally return the schedules, with comments if any, so that the base line schedule and target schedule can be formally established.

For the sake of good order we wish to record that we have not been issued till date any drawings for any buildings with which we can start any permanent construction works. Our works till date has been limited to mobilization and earthworks. Due to the lack of approved and issued for construction drawings for Building C, we are currently proceeding with backfilling works in between the foundation trenches in an effort to mitigate the delays even though this out-of-sequence work may result in rework requirement due to damaged earth embankments during RCC works.

The commencement of the construction of the Ware house C, Building A and A1, Guard House, Substation and Pump room, compound wall etc., are all already delayed or are definitely going to be delayed due to the time required for ESG to obtain the necessary approvals from the Authorities. For information that has been supplied to us, design cross-verification is in progress; however the submittal and approvals can be only through the Authority approved Engineer and this is a factor outside Yamani's control.

Continuation sheet - **AL YAMANIBuilders**
